Response to the accepted version hgss-2023-7_version4: minor revisions necessary:

On the title page all prenames are completed. Files are HGSS-2023-7_manuscript-version5fin (.pdf and .docx, respectively)

Figures are provided in the .zip file hgss-2023-7_Figures. Figures are partly available as .jpg and .png, where possible. The axis titles have been changes to Arial instead of Times, where possible (Figs. 4, 6, 8, 10, 11).

Fig. 3 might be used as a key figure.
